

June 12, 2017

Dear colleagues and friends,

Nothing is more important than the safety of our children. Every 40 seconds, a child goes missing in the United States. That means 800,000 children every year "disappear" from our communities, leaving their families, classmates, educators and caregivers in a state of fear, and the children themselves in danger.

To help protect our kids, the AFT is joining with the National Child Identification Program, which provides free child ID kits.

The kits allow families to take their child's fingerprints on a card with space for a current photograph and descriptive information. If a child goes missing, the family can give the card to a public safety officer to scan the child's fingerprints into the National Crime Information Center database to help find that child.

These kits maintain your privacy and are easy to complete. All you have to do is fill out the enclosed fingerprint identification card with the child's most recent information. Simply follow the instructions for both the fingerprint and DNA sections. Then store the card in a safe place and only turn it over to authorities in an emergency.

It's vital for us as parents, grandparents and guardians to be prepared. The AFT wants to do its part, although we hope that once you complete this kit, you will never need to use it.

In solidarity,

Randi Weingarten
AFT President

Dear Parent:

Commitment and dedication to serving and protecting citizens are a significant part of our culture at the International Union of Police Associations. It is what our members do every day. That's why we're excited about endorsing a national program designed to help protect America's children, offered through American Income Life and National Income Life.

Child Safe is an easy to use identification kit, which could help save your child's life. The Child Safe kit allows families to record and keep fingerprints, vital information and a photo of each child. In the horrific event your child is abducted or lost, you can get this information to authorities quickly.

That's why we are endorsing and supporting American Income Life and National Income Life in their efforts to distribute thousands of Child Safe kits to America's families. Protecting Americans is nothing new to American Income Life; for over 50 years, American Income Life has been dedicated to the proposition of serving and protecting families and individuals by offering supplemental life and health insurance benefits.

We sincerely hope you take advantage of the opportunity to make the Child Safe kit part of sound family protection and planning. More importantly, we sincerely hope you will never need to use it.

Please call American Income Life at (800) 495-1213 to request your Child Safe kit.

Sincerely,

Sam A. Cabral

Dear Parent:

The safety and protection of our children is the most important commitment of your child's school Principals, Assistant Principals and other school-related Supervisors. Providing a safe and secure environment is paramount to support teaching and learning. For that reason, the American Federation of School Administrators is strongly supporting the Child Safe program of the American Income Life Insurance Company (AIL).

Because the media is filled with instances of child abductions or children lost, the Child Safe Identification kit gives you the opportunity to have your child's identifying information on record through fingerprints, photographs and other important information. In the unthinkable case that your child might be in such a situation, you can immediately provide essential information to the appropriate authorities.

AFSA is lending its wholehearted support to American Income Life to provide thousands of Safe Kits to America's working families. AIL has been in the business of protecting and supporting individuals and families through its benefits packages.

We encourage you to utilize the Child Safe Kit to protect your child and sincerely hope that it will never need to be used.

Sincerely,

Jill

Sue Burns
Secretary

Child safety is on our minds more than ever. We can never do too much to protect our most precious gift, our children. Unfortunately a recent study* has revealed some rather startling statistics.

- Nearly 800,000 children are reported missing each year.
- That represents over 2,000 children per day who do not come home.
- Experts agree that photos and other identification supplied in the first 24 hours are crucial in safe recovery.

American Income Life is working with schools, child care facilities and youth organizations across the US, Canada and New Zealand to provide NO-COST Child Safe Kits, proudly endorsed and supported by:

- International Union of Police Associations
- American Federation of Teachers
- American Federation of School Administrators

These kits allow families to record and keep fingerprints, vital information and a photo of each child, so if the child is ever lost or abducted, this vital data can quickly be relayed to authorities.

That's why your child's school, together with American Income Life Insurance Company, has arranged at NO COST to you or the school, Child Safe Kits for you to complete at home. We urge you to request Child Safe Kits for the children and grandchildren in your family. Let's work together and do everything we can to help protect our children.

Sincerely,

Ruth Ortega
Principal

P.S. You and your family may qualify for additional insurance benefits offered at this time. Please take a few minutes and listen to the AIL representative who will be delivering your Child Safe Kits(s). If you have any questions on this program, please call American Income Life Insurance Company at (800) 495-1213.
